Welcome
Emory at Executive Park
Community Meeting
May 20, 2019
Regional Context

The Framework Plan considers all Emory campuses and the connectivity between them.
Emory Strategic Pillars for Executive Park

pillars

- Faculty excellence
- Innovation through scholarship and creative expression
- Atlanta as a gateway to the world

goals

- Sustain intellectual leadership across all programs and research disciplines while elevating the competitive position of targeted areas
- Be recognized as a top-ranked global leader in applied research in health sciences to drive societal impact
- Serve the Atlanta community by bringing to bear Emory’s strengths as a top-tier research institution

signature initiatives

- Create a live, work, play health innovation district that brings community together
Collision: Inspire collaboration, engagement, and social interaction

Spontaneity: Structure spaces and programs to promote serendipitous encounters

Visible & Permeable: Enhance access and visibility, both horizontally & vertically

Flexibility: Enable users to transform space; design for longevity and multiple unknown users

Connected: Integrate indoor and outdoor environments through physical connections and transparency

Sustainable: Incorporate sustainable development practices
Executive Park provides a unique opportunity for Emory to create a live-work-play health innovation district focused on supporting a connected community and workplace of the future. Emory serves the community and advances the future of health care through community partnerships, patient-focused care and innovative research.
